

Multiple Turn Over

You need

- deck of Multiple Cards
- calculators (optional)
- *Multiple Turn Over* Recording Sheet

Basic Game: Numbers 2–50

Intermediate Game: Numbers 2–80

Advanced Game: Numbers 2–113

Play with a partner or in a small group.

- 1 Deal out ten Multiple Cards to each player.
- 2 Players arrange their Multiple Cards faceup in front of them. Each player should be able to see everyone's Multiple Cards.
- 3 The player with the smallest multiple begins. This player calls out any whole number (except 1). Each player records that factor on his or her *Multiple Turn Over* Recording Sheet.
- 4 All the players (including the player who called out the number) search for cards in their set that are multiples of that number. They write those multiples on their recording sheet and turn those cards facedown. If a player has no multiples of a number called, that player writes "none" under "Multiple Cards I Turned Over."
- 5 Players take turns calling out numbers. The game is over when one player turns over all ten Multiple Cards.

Factors, Multiples, and Arrays

Multiple Turn Over Recording Sheet

Write the numbers of your ten Multiple Cards on the blank cards. As each factor is called, record it in the factor list. Then write which multiples of that number you have among your cards.

Game 1 Multiple Cards

Factor:

Multiple Cards I Turned Over

1. _____

2. _____

3. _____

4. _____

5. _____

Game 2 Multiple Cards

Factor:

Multiple Cards I Turned Over

1. _____

2. _____

3. _____

4. _____

5. _____
